**AQIS APPROVAL OF CHEMICAL COMPOUND FOR USE IN EXPORT
REGISTERED MEAT ESTABLISHMENTS**

COMMONWEALTH OF AUSTRALIA
EXPORT CONTROL ACT 1982
EXPORT MEAT ORDERS

INSTRUMENT OF APPROVAL FOR CHEMICAL COMPOUND

I, Paul Smith, delegate of the Secretary, pursuant to order 128 of the Prescribed Goods (General) Orders hereby approve for use in export registered meat establishments the chemical compound known as **Lanolin Liquid Heavy Duty (with solvent)** which is supplied by Lanotec Australia Pty Ltd. Subject to the conditions specified in the following Schedule. Please note this IOA is only valid at export registered meat establishments.

SCHEDULE

The chemical compound is approved under **Category 10 Lubricant Type A**. This compound must not be used for any other purpose within an export registered meat establishment.

- The chemical compound shall be manufactured, labelled and contain directions for use in accordance with the details supplied by the applicant in the application for approval dated 30th March 2007.
- The person to whom this approval is granted shall notify the Secretary of any proposed alteration of formulation, labelling or directions for use of the chemical compound, and shall not effect any such alterations without receiving notification of approval from the Secretary.
- This approval is not to be construed as an indication that the Secretary has tested the efficacy of the chemical compound nor as an endorsement of the chemical compound.
- The person to whom this approval is granted shall not use the approval in any form of advertising or on any label unless the wording or display has been approved, in writing, by the Secretary.
- This approval may be revoked at any time
 - (a) if any of the conditions made by this approval are not complied with; or
 - (b) if the circumstances in which this approval was made change.
- Unless revoked, this approval will expire automatically on the 10th May 2012.

DATED THIS Tenth day of May 2007

Paul Smith

**AQIS ACCEPTANCE OF CHEMICAL COMPOUND FOR USE IN
EXPORT REGISTERED MEAT ESTABLISHMENTS**

LETTER OF ACCEPTANCE (LOA) FOR CHEMICAL COMPOUND

This is to advise that the following chemical compound known as **HEAVY DUTY LIQUID LANOLIN AEROSOL** supplied by **LANOTEC AUSTRALIA PTY LTD** has been assessed as being acceptable for use in export registered meat establishments. The acceptance is subject to any conditions that may be specified in Schedule 1. Please note this LOA is only valid at export registered meat establishments.

SCHEDULE 1.

The chemical compound is accepted under **Category 12 Lubricant Type C**. This compound must not be used for any other purpose within an export registered meat establishment.

- The chemical compound shall be manufactured, labelled and contain directions for use in accordance with the details supplied by the applicant in the application for acceptance dated 05/12/2010.
- The person to whom this acceptance is granted shall notify the AQIS Coordinator Chemical compounds of any proposed alteration of formulation, labelling or directions for use of the chemical compound, and shall not effect any such alterations without receiving notification of approval from AQIS.
- This acceptance is not to be construed as an indication that AQIS has tested the efficacy of the chemical compound nor as an endorsement of the chemical compound.
- The person to whom this acceptance is granted shall not use the acceptance or any departmental logo in any form of advertising or on any label unless the wording or display has been approved, in writing, by the Secretary.
- This acceptance may be revoked if;
 - (a) any of the conditions made by this acceptance are not complied with;
 - (b) the circumstances in which this acceptance was made change, or
 - (c) AQIS becomes aware that the chemical compound has compromised food safety or the wholesomeness of meat or meat products.
- Unless revoked, this approval will expire automatically on 16 December 2015.

DATED THIS sixteenth day of December 2010

.....
Dean Traynor
Chemical Co-ordinator

APPLICATION FEE \$200.00 PAID
